

Campaign Statement

I was appointed IACA Secretary in January 2025 and am eager to continue advancing the important projects already in motion. With over 13 years as full-time analyst and over a decade as IACA's Webinar Coordinator, I have helped deliver annual webinar series, virtual conferences, and specialized trainings to keep members informed and connected.

My leadership experience includes serving as President, VP-Administration, and VP-Membership for MARCAN, where I led the return of its annual conference in 2023 after a decade-long hiatus. I have represented IACA at national conferences, worked with the LATAM group to expand virtual training, and regularly advocate for analysts and the value of IACA membership.

I am committed to completing key initiatives, including launching a monthly membership newsletter, updating bylaws for our 7,200+ members, and finalizing recommendations from the Elections and Ethics Working Group. One of my primary goals for the upcoming term is to update the analyst staffing equations, originally established in 2004, to reflect the demands and technological advancements of today's analyst role. I would be honored to earn your vote to continue serving our members and advancing IACA's mission.

Biography

Sabrina has been in crime analysis since 2009. She started as a volunteer at Shawnee, KS PD before moving to a full time crime analyst with Olathe, KS PD. She returned to Shawnee, KS PD as their only crime analyst in 2017. She studied at Missouri State University and obtained her Bachelors in Criminology and Masters in Administrative Studies with an emphasis Criminal Justice. She obtained her IACA Certification in August of 2019 with her first recertification in 2024. She served as the IACA Webinar Coordinator for over a decade and was appointed to the IACA secretary position in January 2025. She has served as the Mid-America Regional Crime Analysis Network (MARCAN) VP of Membership, VP of Administration, and President.
